28,000 MEN IDLE BECAUSE CITY PUT CURB ON ALL WORK

Committee of Workmen Make
Protest to Comptroller
Prendergast.

Charging that the Board of Estimate is responsible for the fact that there are 28,000 men now on the verge of starvation because city work has been held up, and that if action for relief is not taken immediately great mass meetings of protest against the present administration will spring up all over the city, a big delegation of the federated unions of Greater New York called on Comptroller Prendergast this afternoon and formally presented their grievances.

It developed at the hearing in the city hall that the city workmen are being kept idle because the city has put a curb on all work.
